

UK Census on April 2nd 1911

The results of searching 'UK Census on Line' in Norfolk and Suffolk for the occupation 'wherryman', plus Occupation Code 545 - 'bargeman', 'lighterman' 'waterman', as well as boatman and boat builder.

This includes searching 'wherry' as sometimes the occupation is listed as 'wherry man', etc.

General

This was the most detailed census up to that time. The questions asked were: Name, Age, Sex, Occupation, Address, Place of Birth, Relation to Head [of household], Marital Status, Employment Status, Nationality, Duration of current marriage, Number of children born, living, died.

Where a son has followed his father as a wherryman or wherry builder, and both were at home on census night, I have made separate entries for each.

There is not a single instance of a wife or family on board.

Marriages in column 1 refer only to the current marriage. See the 'Census Information Pages' on the website 'Find My Past' for an excellent explanation of much of this.

In Institutions like the County Lunatic Asylum, Thorpe St Andrew, inmates are recorded by their initials only, so the last initial is in place alphabetically here.

I have searched the Commonwealth War Graves Commission website **cwgc.org** for all the men listed below aged 14 - 35 and made footnotes ² for those I found who were killed in WWI.

^{1 2 3} = See notes at end of Table. See also separate list '1911 Wherries' for details recorded on 'Schedule for Vessels' Census forms, ie those on wherries on census night.

Places of Birth and Residence

All places mentioned were in Norfolk unless otherwise stated. Southtown was added to Yarmouth in 1681, Gorleston became part of Norfolk in 1835 and Fritton, Belton, Burgh Castle and Hopton in 1974 were added in 1974. Lowestoft remains firmly in Suffolk. Only Frederick Lambert is recorded as a wherryman on the Southwold to Halesworth Blyth Navigation.

Comments Column

'*British Subject / Naturalised British Subject / Foreigner*' - This column on the census is rarely filled in, so assume British Subject unless noted in the Comments column.

The '*totally deaf, deaf & dumb, totally blind, lunatic, imbecile, feeble-minded*' descriptions are all included in the Comments column.

Beware

The search terms 'waterman', 'boatman', etc are not proof of connection with wherries, but results are included where place of residence, family name, mentions in books etc might indicate it.

There were mistakes made transferring information from the household forms (destroyed after being copied) to the enumerators' forms (available on line); there were many mistakes made in indexing for the digitised version, and there are sure to have been mistakes made by me, both reading and typing. Corrections and omissions please to alan@quanting.co.uk Thanks if you do.

Please **do not** take this list as exhaustive or infallible. [] Editorial comment or correction. (?) Some doubt here. {Bax} As surname appears in the digitised index.
