Raising a Safeguarding Adults Concern: Reminder

- ❖ A safeguarding adult referral is about fuller consideration with multi-agency partners on the best way forward – the concern does **NOT** necessarily lead to a section 42 enquiry under formal safeguarding adults procedures.
- ❖ A safeguarding adult concern is about finding the best way to support the individual – it accesses wider multi-agency information, perspectives, skills and resources
- ❖ A safeguarding adult concern is about accountability, openness and transparency – it is about learning and improving care to the person concerned
- ❖ A safeguarding adult concern is **NOT** about predetermining that neglect or abuse has occurred. It is the start of seeking more information, finding out if something went wrong and then putting it right
